# PA123

Asia Pacific Region

Compact and easy to use, the PA123 provides both the peace of mind of a 115 decibel personal alarm and the light of a larger flashlight in a small format. Just pull the pin to activate the alarm and replace it to stop. The light features a handy carabiner clip and is made from resilient plastic. In addition, unlike other bulbs, the LED is nearly unbreakable and lasts for the lifetime of the light.

**Before Using Your Flashlight:**  
Please read all instructions and cautionary markings on the package and light
